

PARTNERS IN EDUCATION

Below are some tricks and tools to improve your education experience.

Not receiving our e-mails?

Ask your technology support staff to white list **@afia.org** plus **@ksu.edu** and **@instructure.com**. You will receive communications from these organizations.

Best browser for viewing:

- Google Chrome
- Firefox
- Safari

Install Canvas app on iOS or Android

Within your app store, search **Canvas by Instructure**. It is a free app.

You will need to find your university which is **Kansas State University Global Campus**. Once installed, find the Modules feature to access the module content.

Viewing videos

Videos are streamed through a tool called MediaSite. If you are accessing the videos from a corporate network, you may need to request permission to stream the videos from your technology support staff.

Test your audio and video connection through this link:

<http://support.sonicfoundry.com/Training/ViewingRequirements>

Technical difficulties?
